

# Long Range Transportation Plan

## Public Workshops

---

### You are invited!

The Greensboro Urban Area Metropolitan Planning Organization (MPO) invites you to attend the second round of public workshops for the 2030 Long Range Transportation Plan (LRTP). Information on round one public involvement results and analysis of transportation needs and choices will be presented for public review and comment. **Your input is valuable to the development of the plan and you are welcome to attend any of these meetings that you find convenient!**

### Plan Area & Scope:

The planning area includes much of Guilford County, including the City of Greensboro and the Towns of Oak Ridge, Pleasant Garden, Sedalia, Stokesdale, and Summerfield. The MPO involves the City, the County, NCDOT, area Towns, and Triad regional partners in transportation planning for the area.

The plan will: 1) assess future roadway, public transportation, bicycle and pedestrian facility, and rail needs; 2) refine investment strategies in light of anticipated future resource availability and limitations; and 3) address a range of public policy issues regarding the future transportation system.

### Upcoming Activities:

The second round of workshops includes four meetings spread throughout the study area for your convenience. A final round of workshops will be held in the Spring of 2004. Plan adoption is anticipated in Summer 2004. **You are encouraged to participate throughout the planning process!**

### Who Should Attend?

- Anyone who drives, bikes, walks, or rides public transportation
- Anyone interested in commerce and the movement of goods
- People interested in shaping the future of their community and the transportation system
